Guests:

Craig Morris, VP for Finance & Administration Mark Denney, AVP for Budget & Planning Chris Stanek, Director of Institutional Research Dylan Bloom, ASSOU Representative Treasa Sprague, Administrative Services Coordinator, Finance & Administration Sue Walsh, Provost Roy Saigo, SOU President Karen Stone, AVP for Curricular Management Victor Chang, Director of Counseling Tim Robitz, Director of Housing

Public Comment

March 2, 2015 Minutes

April Sevick moved to approve the minutes from the March 2, 2015, meeting. Dennis Slattery seconded. Approved. Is the detail in the minutes in keeping with other institutions? It has not been discussed. This is new territory. Place it on the agenda for the board meeting to discuss. The meetings are being recorded, so detail is available to the public. The minutes represent the recordings. Treasa Sprague will pass on suggestion to Liz Shelby to include a discussion at the full board meeting.

Tuition & Fees

Mark Denney presented tuition and mandatory fees. They need to be approved by this committee and then go to the full board on March 27th. They will be submitted as our submission to the fee

book to go to the CO and then the OSBHE for this year. Next year they will go to this board only.

ACTION: Chair Nicholson called for a motion to approve a recommendation to the full board to accept the tuition, mandatory fees, and housing dining rates. Steve Vincent and Dennis Slattery moved and seconded, respectively. Motion passes.

Retrenchment Plan

Chris Stanek provided information on the various studies and analyses conducted prior to the retrenchment plan.

Karen Stone talked about the reorganization of the Academic Departments and creation of the Service Center prior to retrenchment.

A new OUS policy was put in place to record the liability on uncollected student debt. It was decision made by OUS. It was implemented by OUS and supported by auditors. That transaction was \$2+ million for SOU. It had to be put into a restricted fund. That caused us to go below 5%. We still had the same amount of cash, but it was not operational cash. The transfer caused SOU to fall below the fund balance minimum of 5%. OSBHE then required a plan for SOU to get to a 10% fund balance.

In response to getting back to a 10% fund balance, we wrote the retrenchment plan. The retrenchment plan is what HECC expects us to achieve. We have to report at the April State Board meeting and then to HECC.

Declaring retrenchment allowed us to reduce academic programs, which in turn reduced faculty positions. Retrenchment is Collective Bargaining Agreement terminology. The process is outlined in the CBA. We are on track with the plan.

Faculty get a one-year notice for layoff. That had to be calculated into the plan. We committed to students to teach out their programs. The programs identified graduated approximately 2-3 students a year.

OUS has required us to set quarterly targets out to 2017 that measure our progress in successfully implementing the retrenchment plan. We are meeting or exceeding those targets right now. It will be discussed further at the full Board meeting on Friday.

All 7 universities are committed to continuing the staff tuition discount. We will have to create a process to settle up each year.

<u>Other</u>

Next meeting is April 27th, 4:00 p.m., SOU Hannon Library DeBoer Room.

Notes

(1) Difference in State funding as compared to last year, is tied to the tuition buy down plus the added costs associated with the University Shared Services Enterprise.
(2) Ential budget anticipated a revenue decrease of about 2.6%. Actual student FTE is trending flat to last year, actual dollars are also up due to shifts in emollment mix.
(3) Savings partially from the restructuring of Academic Affairs, and less reliance on the use of adjunct instructors.
(4) Projected increased utilities and legal costs.
(5) Reduction in thringing of the amount be transferred from the North Campus Village Project (\$400k), and reduction of the transfer to come from other Housing operations (\$500k).
(6) Even than anticipated Day Care Center revenue, lower Housing revenues due to lower than budgeted occupancy, and increased Residence Hall fee remissions.
(7) Food Services Import on Housing operations.
(8) Savings in labor costs largely in Housing operations.
(10) Growth primatify in Non-credit programs, but not to the levels initially budgeted.
(11) Growth in support coming in from the PR Foundation.
(12) Trending in line with the prior fasal year.
(13) Growth in support coming in from the PR Foundation.

Chair Tim Nesbitt Commission Members Executive Director Ben Cannon Higher Education Coordinating Commission

Dear Chair Nesbitt, Commissioners, and Executive Director Cannon,

The seven presidents of Oregon's public universities appreciate the opportunity to provide a recommendation to the Commission about the importance of covering the costs for the Technical and Regional Universities (TRUs) associated with the unbundling of the Oregon University System (OUS).

Each of us is now actively engaged with our institutional governing boards. We are grateful for the opportunity to work with such dedicated education leaders who are committed to guiding our institutions and exercising their fiscal stewardship. Our Vice Presidents of Finance and Administration (VPFAs) have been working diligently with the Higher Education Coordinating Commission staff to transition from the Oregon University System Resource Allocation Model to the Student Success and Completion Model that will promote alignment of university outcomes with the goals of the Governor, the Commission, and the universities. One outstanding issue is the ability of the TRUs to absorb the shared services and operational costs associated with the dissolution of the system, regardless of the outcomes-based funding model.

In 2014, the Legislature reduced the Public University Support Fund by the amount of the remaining funding for Chancellor's Office operations. The 2015-17 Public University Support Fund contains no funding for Chancellor's Office operations as it ceases to exist on 7/1/15. Chancellor's Office operations previously covered a number of activities that now must be borne by the individual universities. The VPFAs have worked together to identify the costs that the TRUs will bear without a dedicated resource for covering these expenses.

For these reasons, we are united in our recommendation to the HECC that ongoing and dedicated funding for the costs in the attached worksheet be added to HECC's Regional Support base allocation for the TRUs in the amount of \$12,097,683 beginning with the 2015-17 biennium. The table itemizes the specific services and operating costs and the associated assumptions. Please note that a key assumption pertains to the \$1.9M per year currently funded in the FY15 allocation to the TRUs. If this funding for the "5th site" does not continue, the request increases from \$12.1M to \$15.9M per biennium.

We would be happy to meet with you to discuss the details of the recommendation, and look forward to hearing from you about how this critical funding may be incorporated into the HECC's allocation formula.

Sincerely,

University Presidents

Fall 2015 Admissions Data

Fall 2015 Admissions Data

Two Projection Scenarios: New Fall 2015 Students

As of April 27th SOU is running 12% over prior year in new student applications for Fall 15.

- The historical conversion rate of apps to admits has averaged 79%.
- The current 5 year average of yield for admits to enrolled has dropped one point per year.
- Last year's yield rate ended at 44%.

An Optimistic Projection:

- Assume the 12% growth in applications continues resulting in 4436 new applications.
- Applying a 79% conversion rate and 3505 of those become admitted.
- Applying a 43% yield rate and 1507 of those enroll for Fall 2015.

A Conservative Projection:

- Assume the trajectory in applications tails off a bit and results in 4300 new applications.
- Applying a 79% conversion rate and 3397 of those become admitted.
- Applying a 41.5% yield rate and 1410 of those enroll for Fall 2015.

These two projections range from 4.9% to -1.8% vs. prior year's new students (fall 14 = 1436). OUS-IR projected an overall change in enrollment for Fall 2015 at -1.1% vs. the prior year.
